Cohort 2024-1 Friction Ridge Examination Track:

The courses exceeded my expectations, Didn't expect to learn so quickly with new materials and the instructors were always available for help. They encouraged us to answer even when not sure and took the wrong answer as an opportunity to learn instead of something negative.

The professors were approachable, and I had a great experience. I really miss the friction ridge section.

It was a great experience. The professors were willing to keep in touch and gave great feedback. The class size is also great.

The course met my expectation. Overall, you learn a lot and get a great understanding of fingerprints.

The course exceeded my expectations. The instructors were very knowledgeable, and they wanted us to succeed. Their experience and background helped me learn a lot regarding the field.

The course met my expectations. I feel as if I learned enough to be at least entry level.

The print score fingerprint worksheets were awesome and helped me feel prepared for the more challenging worksheets. The professors really knew their stuff and have a strong passion for the work they do!

I definitely feel as if I made a smart investment. I appreciate the strictness of the course as well because it is preparing me the strict demands of the job. The FRE track is something I will never forget.
